Dear Sir,

NCB's Centre for Continuing Education Services (CCE) is organizing two day Online Training Programme on "**Corrosion in Reinforced Concrete Structures and its Remedial Measures**" on **08-09 July 2021**. The course is intended for Civil Engineers, Site Supervisors, Designers, Concrete Technologists, Repair Consultants, and Maintenance Engineers.

The course aims to equipping the participants with required "know-how" on corrosion of reinforcement takes place due to the presence of chlorides and sulphates beyond a critical limit, presence of alkalies for protection of steel in concrete, factors responsible for corrosion, remedial measures etc. The detailed agenda for the training programme is enclosed.

Participation Certificate : **E-certificate** of participation will be issued by NCB.

Course fee : Rs. 2,000/- plus 18% GST per participant.

Mode of Payment : Online

RTGS / NEFT details : State Bank of India,
Branch: Raidurg, R.R.Dist., Hyderabad – 500104, Telangana.

S.B. Account no	IFSC Code	MICR Code	PAN	GST No
52119331455	SBIN0020540	500002347	AAATN 2477N	36AAATN2477N1Z3

We hope you will find the programme beneficial and nominate as many participants as possible from your esteemed organization. Please send us the nominations preferably before **7th July 2021** along with E-mail & Mobile No. of nominated officials for sending the registration link. For any queries, you may contact my colleagues Sh. V Venkatesh, Manager (9291281282) or Sh. B Manohar Reddy (8885884188).

Thanking you and assuring you of our best services.

Yours faithfully
for National Council for Cement and Building Materials

2 day Online Training Programme on

CORROSION IN REINFORCED CONCRETE STRUCTURES AND IT's REMEDIAL MEASURES

08-09 July 2021

Day / Date	Time h	Activity
Thursday 08 July 2021	1030-1045	Welcome Address & Overview of the Program
	1045-1300	**Technical Session-1** Good Engineering Practices for durability of Concrete Structures
	1400-1515	**Technical Session-2** Corrosion Mechanism in RCC, Monitoring and Mitigation Techniques
	1530-1645	**Technical Session- 3** Modern techniques for corrosion protection and protective coatings for RCC Structures
Friday 09 July 2021	1030-1145	**Technical Session – 4** Condition Monitoring of Infrastructure based on Non-Destructive Evaluation
	1200-1300	**Technical Session- 5** Case Studies of Condition Assessment of RCC Structures using NDE
	1400-1530	**Technical Session- 6** Repair of corrosion damaged structures – A Schematic Approach
	1545-1645	**Technical Session-7** Cracks due to corrosion and treatment
	1645 h	Interactive Session/Concluding Session

Organised by : Centre for Continuing Education Services, NCCBM - Hyderabad
