Ref: NCB/National Awards-22

20th July 2022

Sub: National Award for Energy Excellence, Environment Excellence, Achieving Circular Economy and Total Quality Excellence in the Indian Cement Industry, 2019-22

Dear Sir,

As you are aware, the National Awards for Energy Efficiency in the Indian Cement Industry were instituted by National Council for Cement and Building Materials (NCCBM) in the year 1986. Subsequently, National Awards for Environmental Excellence & National Awards for Quality Excellence were also instituted in 2000-2001. Since then, these awards are being given regularly to the best performing cement plants. The objective of these awards is to create motivation in the industry for competitive improvement in the thrust areas of Energy, Environment & Total Quality.

The National Award Scheme for Indian Cement Industry has been revamped. There are four award categories for integrated cement plants:

- National Awards for Energy Excellence,
- National Awards for Environment Excellence,
- National Awards for Achieving Circular Economy and
- National Awards for Total Quality Excellence.

A new award category, National Awards for Energy & Environment Excellence in grinding units has also been introduced.

The questionnaires for these awards for the years 2019-2022 can be downloaded from our website "<https://www.ncbindia.com/awards.php>". We request you to participate in these awards. Kindly arrange to send the filled in questionnaire(s) through hard copy along with attachments and application fee, so as to reach us by 31 August 2022.

We are confident that you will utilize this opportunity to participate in the different award categories and project your company's achievements of excellence in the relevant areas. The awards shall be distributed in the concluding session of the 17th NCB International Conference to be held during 06 - 09 December 2022 at Manekshaw Centre, Delhi.

Thanking You

Yours faithfully

for National Council for Cement and Building Materials

Dr. S. K. Chaturvedi

Joint Director

Member Secretary-Technical Committee
