Sub: National Awards for Energy Efficiency, Environmental Excellence and Quality Excellence in the Indian Cement Industry, 2015-16 & 2016-17.

Dear Sir,

As you are aware, the **National Awards for Energy Efficiency** in Indian Cement Industry, were instituted by NCB in **1986-87**, with the objective of motivating competitive improvement in energy performance and improving energy consciousness in the Indian Cement Industry.

Encouraged by the overwhelming response of the industry to the above award, NCB instituted two more awards since the year **2000-01** viz. **National Awards for Environmental Excellence** and **National Awards for Quality Excellence** in Indian Cement Industry.

The questionnaires for these awards for the years **2015-16** and **2016-17** can be downloaded from our website **www.ncbindia.com**. We request you to participate in these awards. Kindly arrange to send the filled in questionnaire(s) through e-mail (ncbcme@gmail.com) as well as hard copy alongwith attachments and processing fee, so as to reach us by **31 July 2017**.

We are sure you will utilize this opportunity to participate in the different categories and project your company's achievements of excellence in the relevant areas. The awards shall be distributed in the concluding session of the 15th NCB International Seminar to be held during 05 - 08 December 2017.

Thanking you.

Yours faithfully
for **National Council for Cement and Building Materials**

A Saxena

Joint Director & Head of Centre
Centre for Mining, Environment, Plant Engg. & Operation
Phone: 91-129-4192242, +91-9810389399
