3. NCCBM and KIIT will exchange ideas, materials and manpower with a view to enhancing mutually beneficial R&D activities, which would have a bearing on addressing national issues and problems.
4. NCCBM and KIIT will explore the possibility of jointly conducting seminars / workshops / conferences at national and international levels, in areas of mutual interest.
5. KIIT shall recognize NCCBM as an external research centre and scientist & engineers of NCCBM working on R&D Projects may be registered for PhD Programme at KIIT under the joint supervision of a Ph.D guide from NCCBM and KIIT. Principal guide may either be from NCCBM or KIIT.

NCCBM and KIIT will put in place adequate and reasonable measures to keep confidential information secure to prevent any unauthorized use. There will be no restriction on the publication of the results of collaborative research, except where such outcome has implications for the security of the State. NCCBM and KIIT will be free to carry out follow-up research independently. Rights regarding publications, patents, royalty, ownership of software/design/products etc., developed under the scope of this MoU, shall be decided by mutual discussion. Separate policy documents in this regard will be framed, consistent with the rules and regulations of NCCBM and KIIT.

NCCBM and KIIT will jointly develop and devise implementation strategies and time-bound action plans to effectively meet the desired objectives and goals. Financial arrangements for each specific activity will be decided on a case-to-case basis and brought on record in each case after due approval from heads of NCCBM and KIIT.
