Dear Sir/Madam,

CALL FOR NOMINATIONS

National Council for Cement Building Materials (NCB), Centre for Continuing Education Services (CCE) is organizing **2-days** Training Programme on **“Sustainable solutions for Rigid & Flexible pavements”** at our Hyderabad Unit on **06-07 March 2024**. The course is designed for Civil Engineers/Project Managers in Construction/Site Supervisors, Highway Engineers, QC & QA Concrete Laboratory personnel of Construction Industry.

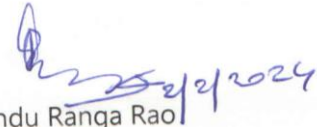

The course mainly focus on latest IS and IRC codes, advances in Construction Technology, Use of recycled aggregates & Industrial wastes for Pavements, Role of supplementary cementitious materials, testing of materials and Investigations of Causes of distress/ failures & remedial measures.

The programme will bring together the professionals of various organizations, experienced technologists from Construction Industry besides NCB experts are being invited to take part in technical deliberations to share their experience and exchange of ideas. A brief note setting out the course contents, venue, fee etc is enclosed for your reference.

We hope you will find the programme beneficial and nominate as many participants as possible from your esteemed organization. Please send us the nominations to **cceh@ncbindia.com** well in advance, preferably before **1st March 2024**, as it will help us to plan and conduct the programme in the best possible manner. For any queries, you may contact my colleagues Sh. V. Venkatesh, Manager (9291281282) or Sh. B. Manohar Reddy (8885884188)

Thanking you and assuring you of our best services.

Yours faithfully
for National Council for Cement and Building Materials

Dr B Pandu Ranga Rao
Joint Director & Unit In-Charge

SUSTAINABLE SOLUTIONS FOR RIGID & FLEXIBLE PAVEMENTS

(6-7 March 2024)

Course Reference No: CCE-02/STC-50/Conc/H/2023

Intended for: Civil Engineers/Project Managers in Construction/Site Supervisors, Highway Engineers, QC & QA Concrete Laboratory personnel of Construction Industry.

Objective: The course aims to impart in-depth knowledge on latest IS and IRC codes, advances in Construction Technology, Use of recycled aggregates & Industrial wastes for Pavements, Role of supplementary cementitious materials, testing of materials and Investigations of Causes of distress/failures & remedial measures.

Course Contents:

- ✚ Introduction & Overview of Rigid & Flexible pavements
- ✚ Innovations in Construction Technology
- ✚ Use of recycled aggregates and Industrial wastes for Pavements
- ✚ Building Materials for Pavements-Quality Standards w.r.t latest IS and IRC Codes
- ✚ Tests on Materials for Pavements
- ✚ Role of various supplementary cementitious materials for sustainable Concrete
- ✚ Investigations of Causes of distress/failures and remedial measures

Duration and Timings: 2 days (06-07 March 2024): 1030 to 1700 hrs

Course Fee:

Non Residential: Rs. 11,550/- + 18% GST (i.e Rs.13,629/-) per participant.
